

# Year 1 Knowledge Organiser - Autumn 1

## A Toy's Story

### In history I will be...

- comparing toys that I have played with in my life time.
- finding out about toys in the past.
- comparing old teddy bears with modern teddy bears.
- finding out about my parents' and grandparents' favourite toys and why they were their favourites.

### I will be using this vocabulary..

baby	toddler
young child	older child
past	present
future	
now	then
old	modern
interview	survey

### Sticky Knowledge

That toys my grandparents played with were different to mine.

I can organise some artefacts by age.

I know the name of the material an object is made from.

I know about the properties of some materials. (wood, water, rock, plastic, metal, fabric)

### In science I will be...

- naming common objects and finding out the materials they are made from.
- naming and describing materials.
- Comparing and grouping objects based on the materials they are made of.
- Comparing and grouping materials based on their physical properties.
- Finding out the best material to do a job

### I will be using this vocabulary..

object	material
hard	soft
stretchy	stiff
bendy	
shiny	dull
rough	smooth
waterproof	not waterproof
	non-absorbent
absorbent	transparent
	translucent
opaque	

**Big Questions**  
Are my toys better than my grandparents' toys?

What material will make a good tent for teddy?
